15
CAH

TEACHING HOURS:	A=	6.00	B=	12.00	C=	OTHER=	TOTAL:	18.00
CAH HOURS:	A=	6.00	B=	9.00	C=	OTHER=	TOTAL:	15.00

Prior Carry Over Load: .00
 CAH Year total: 30.00
 Current Carry Over: .00

Contract for the year – Made of Lecture/Lab instruction

**This load sheet shows:

- Fall – 15 CAH (6 CAH Lecture + 9 CAH Lab)
- Spring 15 CAH (6 CAH Lecture + 9 CAH Lab)
- Total 30 CAH contract for the year an even contract being taught for the year.
- You will notice, that there is no load next to CHEM 30A-V02 (Fall) and CHEM 30A-V02 (Spring). This represents that the instructor is not getting load for those hours. In the particular scenario, the instructor teaches the lecture portion of both CHEM 30A-V01 and CHEM 30A-V02 at the same time. They cannot get double load for the same lecture hours for two classes. The lecture is essentially cross-listed. The lab however, gets full load value as each section's lab meeting is on a separate day and time.
